

# Look what our members are saying about us!

“As a small IT services company, our membership in the Lenexa Chamber of Commerce has been

valuable because it provides direct connections to decision makers as well as referrals from those who aren't in our target demographic. Every person we meet brings the potential to lead to new business.”

**Associates Solutions Inc.**

“SKW, a local surveying, engineering and construction firm, has been a member of the Lenexa

Chamber since 1983. The networking events provide us with exposure and access to many business and community leaders. We take advantage of the involvement opportunities by joining committees and councils, which has increased our business. I highly recommend joining the Lenexa Chamber of Commerce if your business is located in Lenexa or if you do business with Lenexa companies and/or families.”

**Shafer Kline & Warren**

“As a business lawyer, membership in the Lenexa Chamber of Commerce is especially

valuable to me because it allows me to have both a business based and social interface with the local business community. That contact comes from deep involvement in committees and groups such as the Leadership Lenexa Alumni to casual social interactions at after hours and similar events. An additional benefit is the information concerning the community which I am able to collect and share with my clientele.”

**Michael K. McVey**

**McVey Law Firm, LLC**

“I have been a member of the Lenexa Chamber for 9 years. Being involved in the Chamber gives me the

opportunity to not only meet and network with a variety of local business and individuals, but also provides an opportunity to build relationships with them. My involvement in the Lenexa Chamber has been invaluable.”

“Meritex has been a member of the Lenexa Chamber of Commerce for over 15 years. The chamber

has been instrumental in Meritex building partnerships with the business community and city officials through the various network and sponsorship opportunities.”

**Lonnie Cannon**

**Meritex Enterprises, Inc.**

“I have been a part of the Lenexa chamber for 2 years and it has been a great tool in helping to grow my

business. The connections I have made in this chamber are invaluable. Getting to know and trust other chamber members and build partnerships with them is very important to me. Not only have I made some new business connections, I have had some good fun doing it!”
